

# America's First NewCity "We're on our way!"

August 22, 2006

Please join Moscow Mayor Nancy Chaney, Moscow City Council, City Staff, University of Idaho President Tim White, and Washington State University President V. Lane Rawlins as we celebrate *NewCity Moscow* and discuss the next steps relating to the Comprehensive Plan and Economic Development. One year ago the city of Moscow and the NewCities Foundation launched a collaboration to create America's first *NewCity*. Come to this community celebration on August 22, 2006, to hear the final recommendations for *NewCity Moscow* presented by the NewCities Foundation. We will be discussing the results of the *NewCity Moscow* program and the next steps including:

- ◆ An economic development plan that capitalizes on Moscow's strengths and community values through the creation of a "Knowledge Corridor" linking the University of Idaho and the Washington State University.
- ◆ Next steps in the communication strategies for the city.
- ◆ An outline for the revision of the Comprehensive Plan including public participation and detailing strategic planning areas.

**Tuesday, August 22**

**University Inn, University Room**

**6:30 p.m. to 7:00 p.m. - Open House**

**7:00 p.m. to 9:00 p.m. - *NewCity Moscow* wrap-up and *Next Steps***

**Preliminary *NewCity Moscow* reports and more information can be found online at  
[www.ci.moscow.id.us](http://www.ci.moscow.id.us) or [www.newcities.org](http://www.newcities.org).**
