

Moscow Youth Football Association
Participant Data
Field Usage Data

- Season starts for practice around 14th of August
- Practice is 4-5 nights/week for 2 hours
- Practice from (currently on Joseph field) 5:00-7:00
- Games start the first Saturday in September (after Labor Day)
- After school starts, practices are cut to Tues-Thurs, 5:00-7:00
- Season lasts from 8/14 to 10/31
- Games are at high school facilities and rotate between the communities of Clarkston, Pullman, Lewiston, Colton, Colfax, and Moscow
- Moscow's hosting day is one Saturday a year and is played at Bear Field
- Currently practice is at Joseph Field, however we have been fortunate to have that facility. If we have to compete with fast-pitch softball in the fall, we will struggle to find space.
- We currently have 75 participants. One 3rd/4th grade team of 25 players and two 5th/6th grade teams totaling 50 players.
- In 2005, we had a waiting list of another 35 players ranging from 3rd to 6th grade.
- Our association would like to add one more 3rd/4th grade team to get our player level to 100 players.
- If we do not have to compete with Joseph Field, our organization will have very limited, if any, use of the proposed fields.
- We currently practice on a facility without lights. For the last 2 weeks of October we would appreciate an opportunity to have lights. If we had that opportunity, the usage would probably be for 6:00-7:00 3 nights a week for 2 weeks.
