Household Season Pass Definition of Eligibility: Individuals claimed on income taxes or those residing at the same residence for at least three months of the year. Babysitters or Nanny’s not living at the household residence (with the exception of special needs care givers) are not included in the Household pass and must purchase a separate individual pass or pay the daily drop-in fee.

ATTENTION PREVIOUS PASS HOLDERS:

If you purchased a season pass last season, there is no need to take a new picture or have a new card printed. Once you make the purchase this year, last year’s information will automatically be updated, validating your existing card. Children who were under 10 years of age last summer, but have turned 10 since will need a new card printed free of charge. Also, members needing a replacement card may do so for no charge at time of season pass renewal.
