PRESS RELEASE

Title: Holiday Parking Available to Citizens

December 9, 2010 – The University of Idaho in an ongoing cooperative effort with the City of Moscow is offering off-street parking in several campus lots during the winter break, December 18 through January 9.

The City appreciates this option in light of the Snow Removal Proclamation Ordinance. This ordinance requires that when a Snow Removal Proclamation is declared by the Mayor that vehicles parked on Snow Routes as outlined in the ordinance must be removed from the street. This information is outlined on the City's website at http://www.ci.moscow.id.us/pub_works/engineering/snow.aspx.

In light of potential snow fall in the coming weeks, this provides an excellent option for residents along those routes to park vehicles elsewhere if they will be out of town during the break.

The lots available for students and residents during the break include:

- Lot 2 – Railroad Street & College Avenue
- Lot 60 – Sweet Avenue off of State Hwy 95
- Lot 36 – Deakin Avenue & University Avenue
- Lot 66 – Elm Street behind the Student Union Building
- Lot 28 – South end of Ash Street
- Lot 64A – Off of 3rd Street
- Lot 5 – Paradise Creek Street & Rayburn Street
- Lot 25 – Rayburn Street between State Hwy 8 & Paradise Creek Street
- Lot 62 – Paradise Creek Street & Stadium Drive

The location of these parking lots can be viewed on the Academic Break parking map, found on University of Idaho Parking and Transportation Services website <http://www.uidaho.edu/parking/>, by clicking on the link to the right entitled "Where can I park during the break?"

Parking in these lots is at the owners risk and vehicles must be removed by January 9. After January 9, vehicles will be subject to parking regulations as outlined by the University of Idaho Parking Regulations for each of the lots.

Additionally, the University of Idaho will not be allowing overnight parking on campus streets during the winter break. Any vehicle stored on campus for the break, or left overnight for any reason should park

in one of the lots listed above. Vehicles parked overnight on campus streets will be eligible for citation and/or towing.

The City thanks the University for providing this space for residents and appreciates the ongoing partnership we have both enjoyed throughout the years.

For more information please call the City of Moscow Public Works Department at 208-883-7034. University of Idaho Parking and Transportation Services can be reached at 208-885-6424.
